

江汉大学
JIANGNAN UNIVERSITY

Jiangnan University is a comprehensive institution located in Wuhan, Hubei Province—a strategic city known as the gateway connecting nine provinces. Established in 2001 through the merger of four educational institutions, the university is co-constructed by the province and the city, with the city taking the lead. It sits on a beautiful 2,036-acre campus in the Wuhan Economic and Technological Development Zone, offering a modern environment for study, research, and student life. With more than 22,000 students and a growing academic reputation, Jiangnan University offers 74 undergraduate majors, 23 master's programs, and 1 doctoral program across 11 major disciplines. Several disciplines, including chemistry and clinical medicine, rank among the global top 1% in ESI. The university is also home to a dynamic faculty team, including academicians and award-winning educators.

Academic Strength

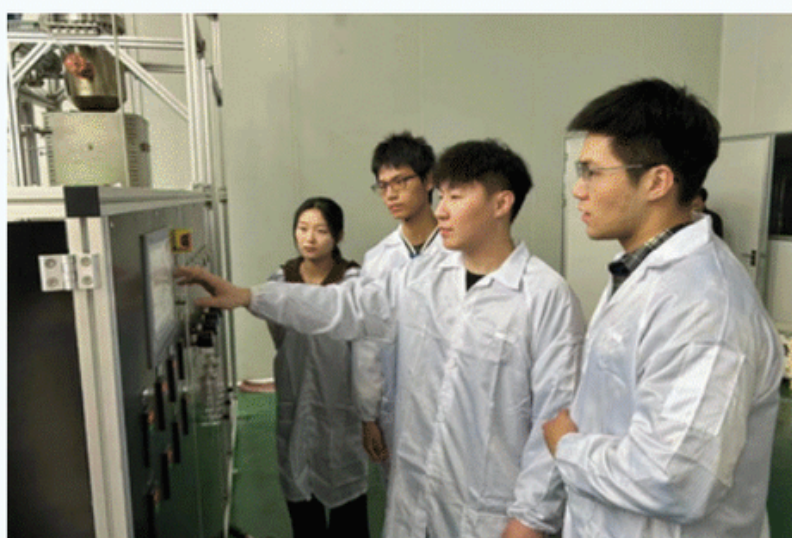

Offers 1 doctoral, 23 master, and 74 undergraduate programs across 11 disciplines.

Research Achievements

Hosts 1 national key lab, 26 provincial research platforms, and 16 innovation teams.

Faculty & Talent

Over 1,400 full-time teachers; 57.4% hold doctoral degrees.
